

Install Solutions

With a vast range of install products, designed and engineered at our headquarters in Germany, we are the convenient one-stop supplier for contractors and system integrators. Meeting the demands for smart audio installations that elegantly integrate into any décor, we provide install solutions ranging from complete audio systems all the way down to mounting hardware, wires and connectors.

Right from the planning stages, we support your commercial projects with individual consultation, comprehensive service and attractive pricing so you can maintain your competitive edge. Of course, our expert assistance continues long after the successful completion of your installation. Discover now what our full-scale offering can do for you!

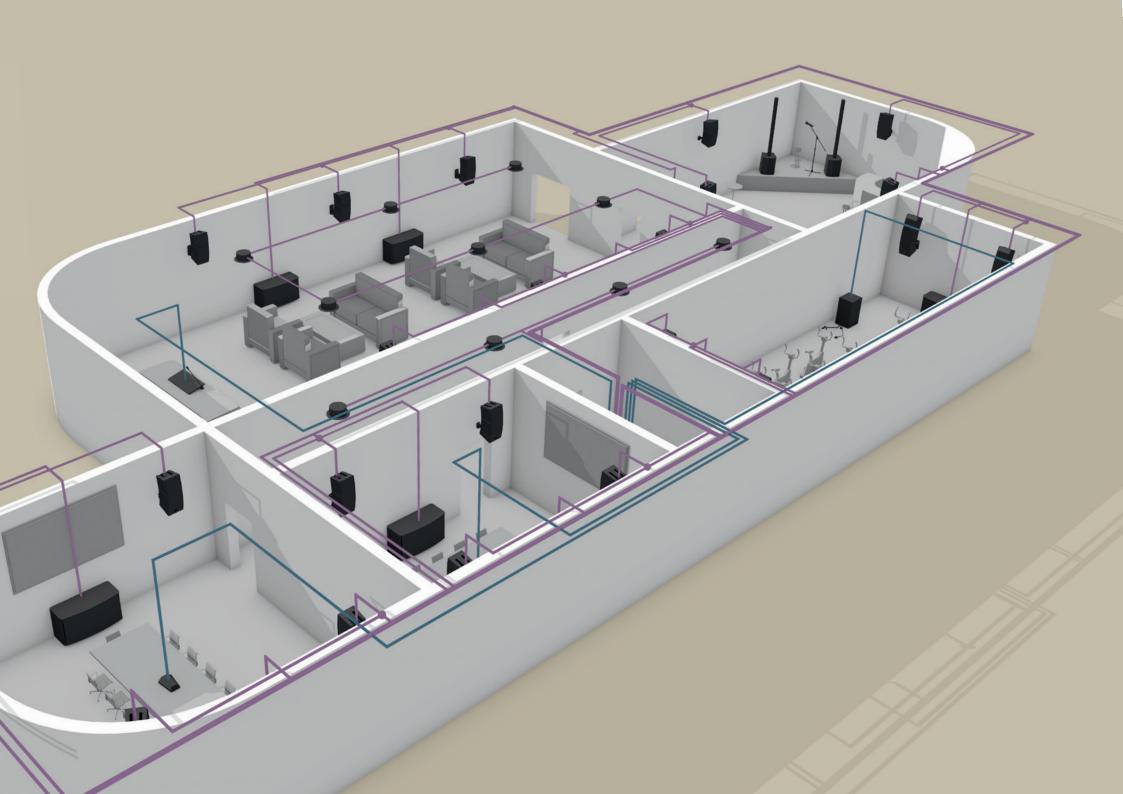

Full Scale Install Offering

MICROPHONES | CD & AUDIO PLAYERS | AUDIO TOOLS | PREAMPLIFIERS AND MIXERS | DIGITAL MATRIX MIXERS / SIGNAL PROCESSORS | AMPLIFIERS | SPEAKERS | LED LIGHTING | MOUNTING ACCESSORIES | STANDS | CABLES | 19" PARTS

From wall plate control panels to sophisticated matrix mixers, high-efficiency amplifiers and purpose-designed loudspeaker systems, the Adam Hall Group is your one-stop installation partner. Our portfolio covers all your needs for bulk cable, connectors and mounting hardware down to nuts and bolts. And with our Cameo line of LED fixtures and accessories we provide state-of-the-art solutions to put your installation in the proper light.

LD SYSTEMS®

High-performance, professional sound equipment with cutting-edge design, designed and engineered in Germany.

PALMER®

Products for guitarists and bassists and professional audio tools utilising high-quality components.

CAMEO®

Professional LED lighting technology for creative indoor and outdoor lighting design for clubs, concerts, events and architectural projects.

GRAVITY®

Award-winning line of stands and accessories for stage and studio use with superior design, workmanship and functionality.

AH STAGE EQUIPMENT

Extensive range of event equipment and accessories for all kinds of events and covering a wide range of requirements.

AH HARDWARE

Flight cases provide secure and long-lasting protection for technical equipment. They must be built from first-class hardware so that they can withstand the strain resulting from constant transportation.

Service with a Smile

The Adam Hall Group team places great emphasis on personal service and customer care. It's more than just part of the daily business, it's part of our corporate DNA. From expert solution consultants to technical service specialists, we strive to ensure customers and partners experience our personal commitment to service with a human-touch, whether it's via phone or an on-site visit, or via our online service platforms. And it doesn't stop there: we are pleased to announce the latest addition to the service offering portfolio, Adam Hall Financial Services, addressing the financing needs of European customers in the professional rental and fixed installation sectors.

Event Technology – It's a People Business

Whether you are a live event or rental company, broadcast studio, system integrator, installer, dealer of musical instruments or studio equipment, a public or private enterprise, or an industrial flight case manufacturer, we are excited to share with you the latest in event technology, award-winning innovation, top quality brands, and our superior commitment to service and satisfaction.

Experience Event Technology – and enjoy the show!
